

To the FCC, Please reject the NAB's petition 04-160. I am a listener of both ?regular? and satellite radio. I pay for the privilege to listen to satellite radio as I do not care for all the commercials on FM radio these days. In my opinion, satellite radio also presents both greater variety, quality, and different choices than conventional radio. I respectfully ask you to reject this petition as I am a paying customer of satellite radio because I choose to and I do not feel that I should not have to deal with the demands of the NAB while paying for satellite radio.

Thank you for allowing me to express my opinion.
